

# The Equine Pain Face

by Karina Bech Glerup

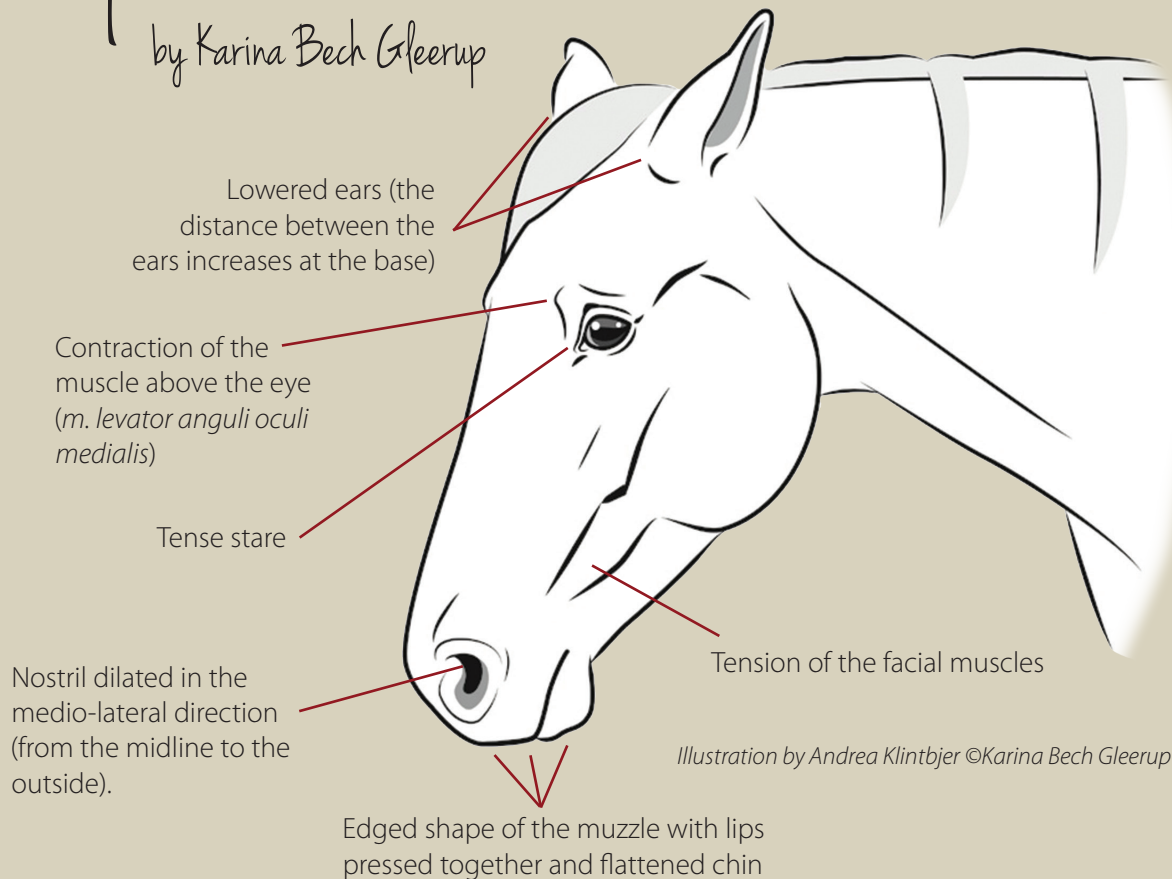

IMAGE ON RIGHT:

Can you spot the facial expressions of pain described in the illustration? This horse is in pain. (Photo courtesy Karina Bech Glerup).

IMAGE BELOW LEFT:

The nostril dilated in the medio-lateral direction (from the midline to the outside) is one of the facial expressions of pain. (Photo courtesy Karina Bech Glerup).

IMAGE BELOW RIGHT:

Can you spot the contraction of the muscle above the eye and the tense stare? This horse is in pain. Photo courtesy Karina Bech Glerup).
